Re: In the Matter of AT&T Petition to Launch a Proceeding Concerning the TDM-to-IP Transition; Petition of the National Telecommunications Cooperative Association for a Rulemaking to Promote and Sustain the Ongoing TDM-to-IP Evolution, GN Docket No. 12-353; Technology Transition Policy Task Force, GN Docket 13-5

---

Dear Ms. Dortch:

On October 14, 2015, Michael Harbin, Sage Rhodes, Terry Williams, and the undersigned of AT&T met with Commissioner Pai and his Chief of Staff, Matthew Berry, in connection with the above-captioned matters.

During the meeting AT&T discussed its on-going community outreach efforts and the general customer feedback received to date during the wire center trial in Carbon Hill, Alabama. We also provided as background an overview of the demographic and topographic characteristics of the wire center and the various TDM-based and IP-based wired and wireless technologies that today are deployed in the wire center.

Pursuant to Section 1.1206 of the Commission's rules, a copy of this notice is being electronically filed in the above-captioned dockets. Please do not hesitate to contact me with any questions regarding this matter.

Sincerely,

/s/ Frank S. Simone

cc: Commissioner A. Pai  
M. Berry
